

HOW TO SIGN & CIRCULATE PETITIONS

Thank you for helping us regain local control in Michigan! You're the key to winning this battle and making every signature count so please follow the below instructions:

- 1 Check the volunteer box.
- 2 As the circulator, you must write In the COUNTY NAME at the top of each petition form. All of the signers of this petition sheet must be registered voters of that county. *You can circulate petitions for any county, but each county must be on a different sheet.*
- 3 The signer must sign their full name as they are registered to vote, and then write it in neatly in the next box.
- 4 The signer must write in the house number and street name, or rural route, where they are registered to live. No P.O. Boxes, please.
- 5 The signer must write in the City or Township where they are registered to vote. Villages and unincorporated areas are always within townships.
- 6 The signer next writes in their zip code.
- 7 Finally, the signer must write in the date they signed the petition, not their birth date.
- 8 After the circulator has gathered signatures, they must complete the Circulator section in the lower right of each petition form. No signatures can be added to the petition form after this portion has been completed and dated.

To wrap up the petition:

- Make certain that all sections have been completed.
- Ditto marks are not acceptable.
- Petition forms are acceptable with at least one, but no more than 12 signatures.
- Yes, you can both sign and circulate a petition form.
- No, you cannot sign for your parent, grandparent, etc.
- When completed, please mail petitions to:

Citizens for Local Choice P.O. Box 14309 Lansing, MI 48901

INITIATION OF LEGISLATION

Initiation of legislation to: amend the clean and renewable energy and energy waste reduction act by repealing statewide requirements for the construction and development of certain wind and solar energy facilities and energy storage facilities, including: assessment of environmental, natural resources, and farmland impact; wages and benefits requirements for workers; setback distance; size and height of structures; and amount of light and sound emitted. If enacted, this proposal would allow local units of government to determine their own standards for such facilities.

An initiation of legislation to amend 2008 PA 295, entitled "clean and renewable energy and energy waste reduction act," by amending the title and section 13 (MCL 460.1013), as amended by 2023 PA 235, and to repeal parts of acts. For the full text of the proposed initiated law, see the reverse side of this petition.

We, the undersigned qualified and registered electors, residents in the county of _____ State of Michigan, respectively petition for initiation of legislation.

WARNING - A person who knowingly signs this petition more than once, signs a name other than his or her own, signs when not a qualified and registered elector, or sets opposite his or her signature on a petition, a date other than the actual date the signature was affixed, is violating the provisions of the Michigan election law.
